Joshua Career Institute

GED Certification Programs

At Joshua Career Institute, we are compassionate and cognizance of the untold hardship that follows when a student drops out of school. We at Joshua Career institute including management, faculty, and staff understand that the situation can be salvaged and corrected. To this end and for this cause, we have devoted enormous resources to ensure that every student who came to our shores receives their GED. Our determination is rooted on the foundation that no child should be left behind in going to college if getting the GED is the only obstacle on their way.

Every student at the JCI GED preparation program will be coached by skilled and experienced professionals in the GED preparation field. Our passion is to stay with every student until they pass the GED certification with flying colors, no matter the cost to the Institute.   Our GED certification program is affordable and convenient, and students prefer our program because our step-by-step courses are also online, accessible to students 24/7. The GED certificate that a student receives upon completion of the Texas GED examination is accepted and recognized as an equivalent credential to a high school diploma by employers and colleges across the United States.
